

*EZVIZ RH2*  
*Smart Cordless*  
*Wet & Dry Vacuum Cleaner*

---

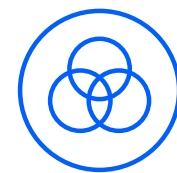

***Effortless cleaning,  
Thorough self-cleaning***

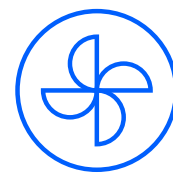

The RH2 is a pro-style wet/dry vacuum cleaner that only tackles household messes easily, but also manages to self-clean against dirt and bacteria. Packed with the most advanced smart features, the reliable RH2 deeply and powerfully cleans homes of all sizes with elevated convenience and a superior user experience. Easy to handle, versatile to use, and compact to store – simply put, the RH2 is a must-have in any home.

# Key Features

## Powerful

3-in-1 Mop, Vacuum & Floor Cleaner

Up to 72,000 RPM Brushless Motor Speed

Large Dual Tanks to Separate Dirty/Clean Water

Long Runtime to Clean Up to 200m<sup>2</sup>

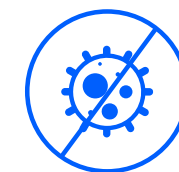

## Thorough

Electrolyzed Water Cleaning

Self-Cleaning & Hot Air-Drying Cycle

Anti-Bacteria & Anti-Odor Design

Increased Dust Visibility with Built-In LED Light

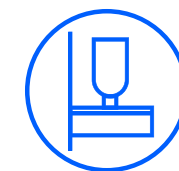

## Easy

Smart Suction & Water Flow Control

Smart Stain Sensing

Upgraded Corner & Edge Cleaning

Voice Prompts & LED Display

## ***One device for multiple tasks***

Say goodbye to those single-purpose vacuums and mops crowding your utility room. The versatile RH2 is your one-stop time-and-effort-saving solution on fast, thorough hard-floor cleaning.

Sweep

+

Vacuum

+

Mop

+

Wash & Hot Air-Dry

## One device for all messes

Whether your kids or pets leave sticky sauces, messy hair, or hard-to-collect crumbs on the floor, the RH2 cleans up quickly. Start the device by tilting its body, so you can walk to clean effortlessly. Add EZVIZ's optional cleaning solution to the water tank to take your cleaning results up to the next level.

**Cleaning Solution  
Included**

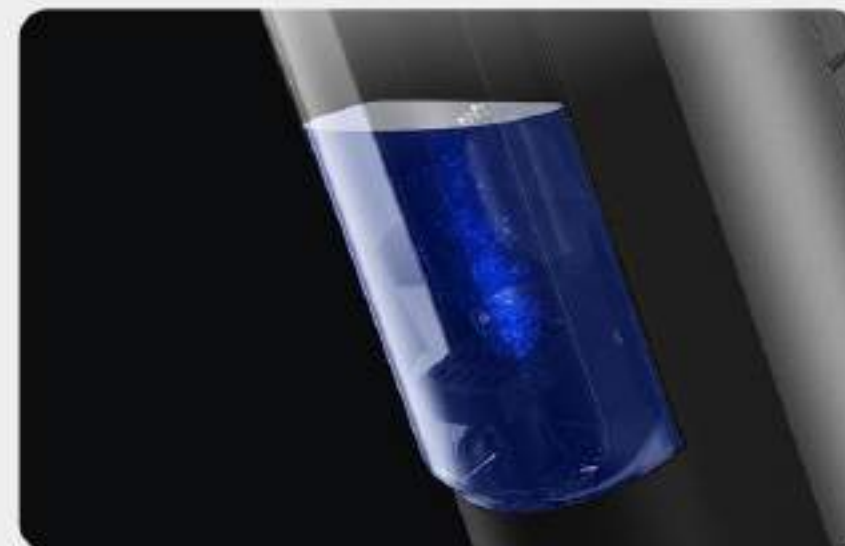

## It tackles mopping seriously

### Larger dual-water tanks

The RH2 holds more water to clean deeper and longer on a single mission. With two discrete tanks, you'll never mop with dirty water.

### Anti-bacteria electrolyzed water module

The built-in electrolyzing module helps greatly reduce bacteria in water. You can now feel more at ease when walking on the floor with bare feet.

### Anti-odor freshener design

Insert the included fragrance card near the water bucket, so the RH2 mops while freshening up your home space.

# *It cleans and sterilizes itself thoroughly*

## **01**

### **Self-cleans during use**

The RH2 never cleans with a filthy mop head, as 16 water spray units on the cleaning head flush out dirt and debris constantly.

## **02**

### **Self-cleans after use**

Set the RH2 on the self-cleaning cycle. It will rinse out residual hair, dirt, and waste with high-speed water.

## **03**

### **Dries & purifies in-depth**

The RH2 automatically dries itself with hot air after every cleaning routine, and adds ozone sterilization to prevent germs from building up.

## ***Hard on stains, easy on you***

### **Deep cleaning with powerful motor & brush**

Driven by a state-of-art motor, the RH2 showcases robust suction power and mopping efficiency to remove stubborn stains easily. Enjoy spotless floors with no water streaks in sight!

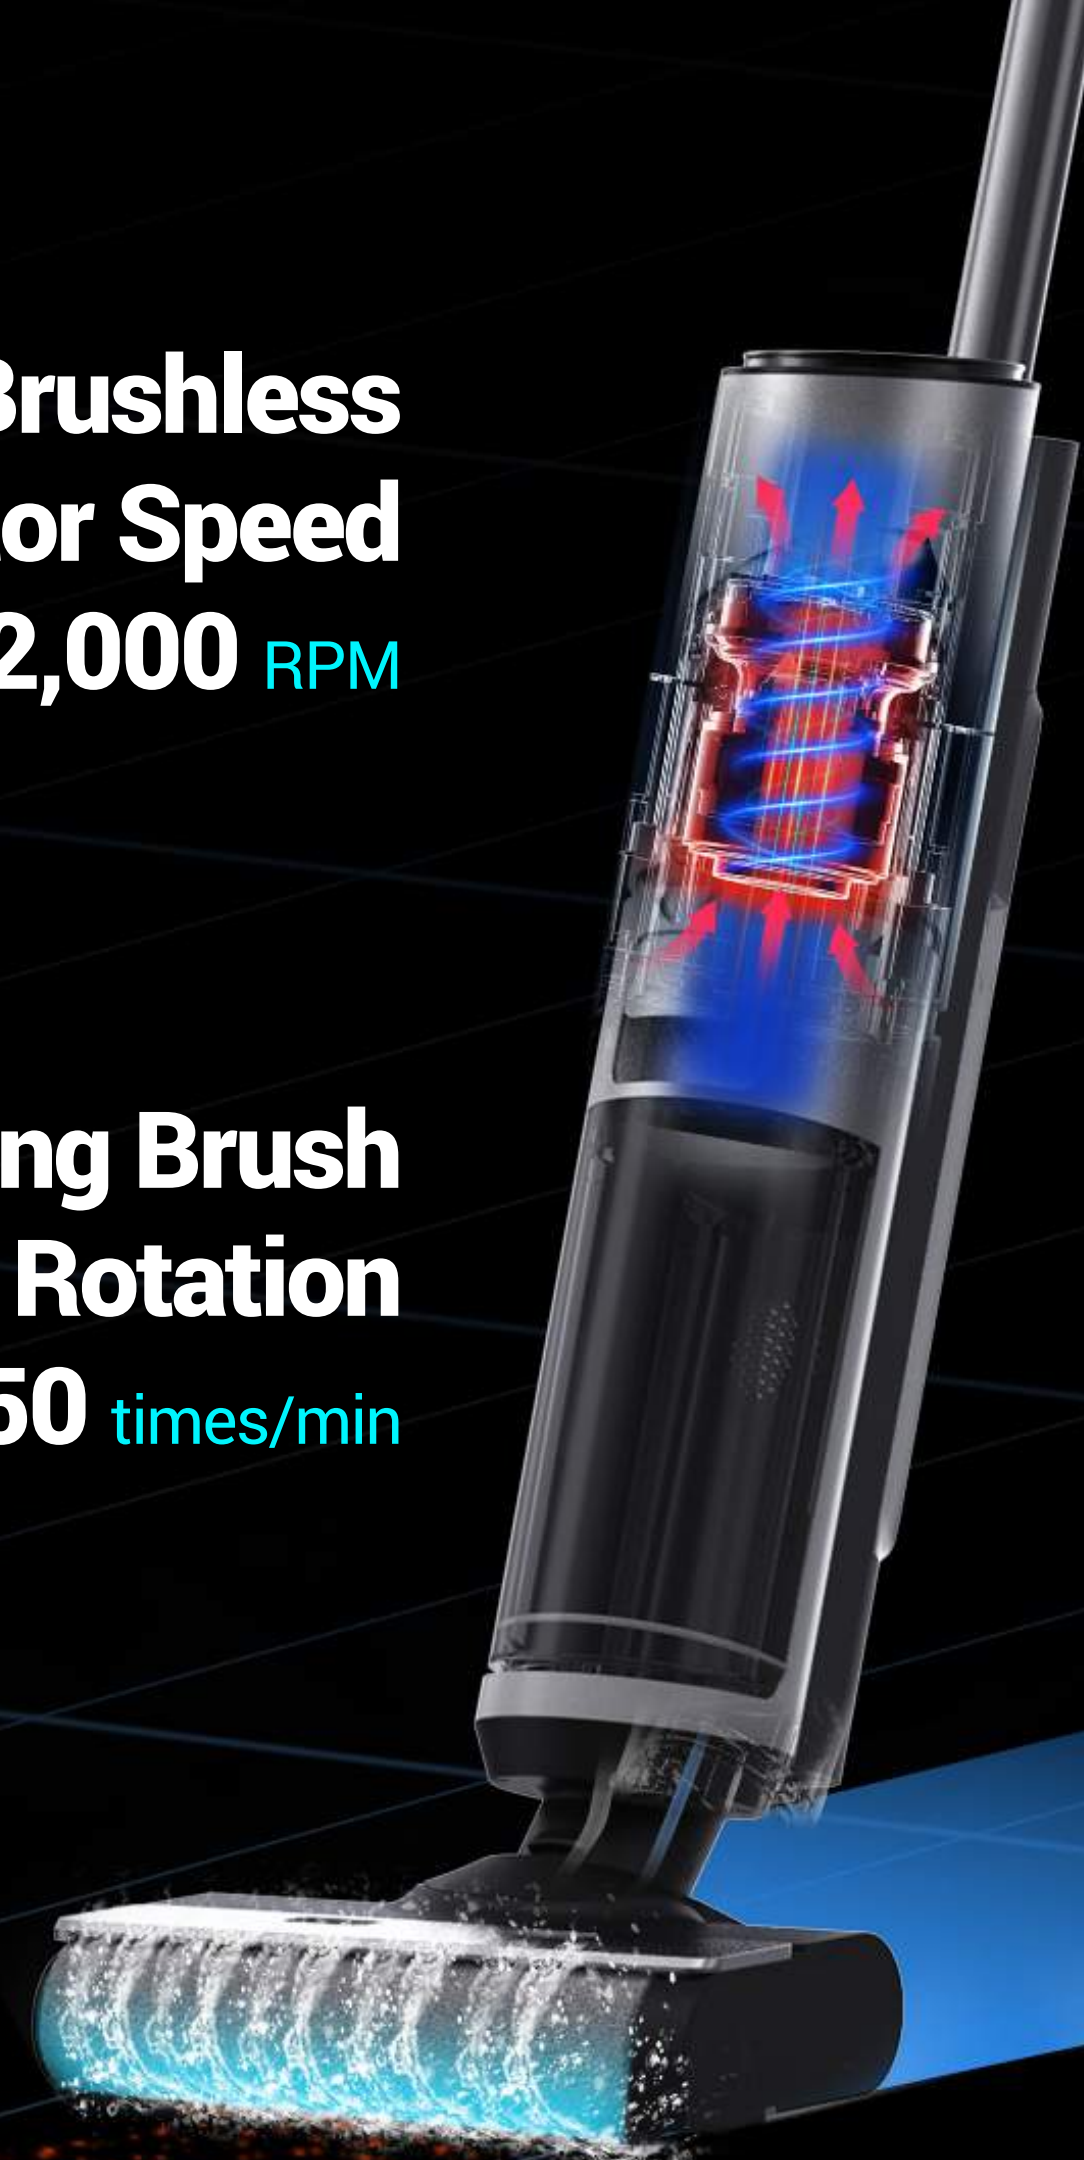

---

### **Automatic dirt-sensing for smart cleaning**

With a built-in infrared sensor, the RH2 automatically detects dirt levels, then self-adjusts water flow, roller speed, and suction power based on the exact need.

**Brushless  
Motor Speed**  
up to **72,000 RPM**

**Rolling Brush  
Rotation**  
up to **550 times/min**

## Make the invisible visible

---

The RH2 introduces an innovative LED light on the clean head to help you locate tiny dust and dirty particles that you normally can't see.

## Clean from edge to edge

---

With a true, to-the-edge design at the right side of the rolling brush, the RH2 gets deep into typically hard-to-reach places.

# Simple controls for everyone

## 01 Four cleaning modes

You can choose among 4 flexible modes by simply tapping on the large LED screen. The RH2 balances its runtime with just the right amount of cleaning.

### Intelligent Mode

For Auto-Adjustment

### Power Mode

For Heavy Stains

### Standard Mode

For Regular Stains

### Suction Mode

For Spilled Liquids

## 02 Real-time voice prompts and color indicator

Stay informed about remaining power, ongoing tasks, and maintenance alerts with auto-play voice prompts. The machine also indicates dirt levels with a 3-color LED ring.

## ***Cordless power for a big family***

Thanks to the large water tanks and the large-capacity battery, you can easily trust the RH2 to go all the way across the living room and to every bedroom.

***Cleans up to***  
***200M<sup>2</sup><sup>†</sup>***

## ***Ergonomic design -*** ***Easy to push and pull***

The rolling brush generates forward traction with minimal effort. You will also love the easy-to-carry design to take the RH2 upstairs and down, or around your home.

## ***Fits nicely into your cozy household***

---

When you take the time to clean, the RH2 will not annoy your family or pets. The RH2 features multiple noise-cancelling technologies to keep the sound-level low.

## ***Easy to charge and organize***

---

The RH2 is always ready for the next cleaning mission thanks to the self-cleaning and charging base. The base also helps organize your accessories and cleaning tools to leave messes behind.
